

World Day of Social Justice

UN World Day of Social Justice February 20th, 2018

Join Shia Rights Watch as we celebrate the United Nations' World Day of Social Justice & work to bring awareness to those being unjustly persecuted & silenced for their personal beliefs. Lend your voice to those who have had theirs stripped, and let us work to bring justice to those who have never known it, and to those who have obstructed it.

Shia Muslims make up a minority sect of Islam, however they populate **more than 50% of the Middle East**, where the majority of their oppression occurs.
